

**EVERY LITTLE ONE IS DIFFERENT,
AND NONE OF THEM
COME WITH INSTRUCTIONS**

WE CAN HELP.

STRONG FOUNDATIONS FOR YOUNG CHILDREN

Our Early Childhood Clinicians are here to support you in addressing your child's:

- delays in social emotional skills (self-regulation, anxiety, limited social skills, etc.)
- behavioral challenges (impulse control, aggression, etc.)
- impact from trauma experiences
- and/or a variety of other needs.

Eligibility:

- resident of Hampshire County
- children birth to age 5 (or before kindergarten)
- children that are struggling and/or have challenging behaviors
- **NOT** enrolled in a childcare program
- priority given to at-risk families.

Enrolled families will have visits in their home, or in a setting of their choice. Together, we will determine the goals of your child and family. Through coaching, modeling, resource referrals and information sharing, we will partner for success with these goals. The time frame for services is typically 3-6 months (or less)

For more information, contact:

Sarah Lusardi, Clinical Supervisor
