

The Repressed Role of Adverse Childhood Experiences in Adult Well-Being, Disease and Social Functioning: Turning Gold into Lead

Thursday, September 3, 2020 12:00pm - 1:00pm PDT | presented by Dr. Vincent J. Felitti

Priority will be given to Medi-Cal providers

The ACE Study reveals how typically unrecognized adverse childhood experiences are not only common, but causally underlie a number of the most common causes of adult social malfunction, biomedical disease, and premature death. Moreover, it enables one to see that the Public Health Problem is often an individual's attempted Solution to childhood experiences about which we keep ourselves unaware.

A renowned physician and researcher, Dr. Vincent J. Felitti is one of the world's foremost experts on childhood trauma. Leading the charge in research into how adverse childhood experiences affect adults, he is co-principal investigator of the internationally recognized Adverse Childhood Experiences (ACE) Study, a long-term, in-depth, analysis of over 17,000 adults. Defying conventional belief, this study famously revealed a powerful relationship between our emotional experiences as children and our physical and mental health as adults. In fact, the ACE Study shows that humans convert childhood traumatic emotional experiences into organic disease later in life. Revolutionary at its inception, Felitti's groundbreaking research remains extremely relevant to today's healthcare models.

Founder of the Department of Preventive Medicine for Kaiser Permanente, Felitti served as the chief of preventive medicine for over 25 years. Under Dr. Felitti's leadership, his department provided comprehensive medical evaluations to 1.1 million individuals, becoming the largest single-site medical evaluation facility in the western world.

During this time, Felitti's revolutionary health risk abatement programs incorporated weight loss, smoking cessation, stress management, and a wide range of cutting-edge efforts to reduce patient risk factors. Dr. Felitti is Clinical Professor of Medicine at the University of California, and a Fellow of The American College of Physicians. He is currently Senior Editor of The Permanente Journal and on the International Editorial Board of the Swiss medical journal, Trauma und Gewalt. Dr. Felitti has served on advisory committees of the Institute of Medicine, the American Psychiatric Association, the Committee of the Secretary of Health and Human Services for Healthy People 2020, and the Advisory Committee on Women's Services at SAMHSA. A noted expert on the genetic disease hemochromatosis, as well as obesity, he educates audiences around the country on these two very common, deadly maladies.

An engaging speaker, Felitti has traveled the world speaking with audiences and various policy leaders about his research. A well versed medical expert, Felitti also uses his knowledge to speak out against domestic violence and other forms of childhood trauma. Drawing on his years of experience, he has become an important voice advocating for the well-being of children everywhere. While time may not heal all wounds, Felitti helps show audiences how we can understand these physical and mental traumas, and ultimately, prevent them.

About

CALIFORNIA ACES ACADEMY (CAA), funded by ACEs Aware, is providing free online training to Medi-Cal providers and others featuring: Practical strategies for integrating trauma-informed health care into your team's practice that improves patients' well being and the productivity of your practice. Meet colleagues with experience and success providing trauma-informed health care in their practices. Learn from national and local experts. Talk to other professionals from your region in small groups facilitated by clinicians experienced in trauma-informed care. Get answers to your questions, obtain ongoing consultation and support. Become part of your online regional community of care linking providers to community resources and each other.

Coming soon:

September 17, 2020 12 noon PDT with [Dr. RJ](#)

The **CALIFORNIA ACES ACADEMY** is a collaboration of:

The Academy on Violence and Abuse (avahealth.org)

The American Professional Society on the Abuse of Children (apsac.org)

The California Professional Society on the Abuse of Children (facebook.com/CaliforniaAPSAC)

Center for Innovation and Resources, Inc (cirinc.org)

JOINTLY ACCREDITED PROVIDER
INTERPROFESSIONAL CONTINUING EDUCATION

Joint Accreditation Statement

In support of improving patient care, this activity has been planned and implemented by the Postgraduate Institute for Medicine and Academy on Violence and Abuse. Postgraduate Institute for Medicine is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

The following credit designations are for each individual webinar.

Physician Continuing Medical Education

The Postgraduate Institute for Medicine designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Continuing Psychologist Education

Continuing Education (CE) credits for psychologists are provided through the co-sponsorship of the American Psychological Association (APA) Office of Continuing Education in Psychology (CEP). The APA CEP Office maintains responsibility for the content of the programs.

This program offers 1.0 continuing education credits for psychologists.

Continuing Physician Assistant Education

Postgraduate Institute for Medicine has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 1.0 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

Continuing Nursing Education

The maximum number of hours awarded for this Continuing Nursing Education activity is 1.0 contact hour. Pharmacotherapy contact hours for Advance Practice Registered Nurses to be determined. California Board of Registered Nursing Provider approved by the California Board of Registered Nursing, Provider Number 13485, for 1.0 contact hour.

Continuing Social Work Education

As a Jointly Accredited Organization, Postgraduate Institute for Medicine is approved to offer social work continuing education by the Association of Social Work Boards (ASWB) Approved Continuing Education (ACE) program. Organizations, not individual courses, are approved under this program. State and provincial regulatory boards have the final authority to determine whether an individual course may be accepted for continuing education credit. Postgraduate Institute for Medicine maintains responsibility for this course. Social workers completing this course receive 1.0 clinical continuing education credits.

Disclosure of Conflicts of Interest

Postgraduate Institute for Medicine (PIM) requires instructors, planners, managers, and other individuals who are in a position to control the content of this activity to disclose any real or apparent conflict of interest (COI) they may have as related to the content of this activity. All identified COI are thoroughly vetted and resolved according to PIM policy. PIM is committed to providing its learners with high quality activities and related materials that promote improvements or quality in healthcare and not a specific proprietary business interest of a commercial interest.

Fee Information

There is no fee for this educational activity.
